

CROWN MOLDING BLOWOUT!

Crown Molding Installation Sale

March 2017

The Beauty of Crown Molding...

In any room of your home....installed, caulked and painted for only **\$5** per linear foot (all materials and labor included)! This is an incredible offer that most other Contractors offer for almost double our cost.

Here's what's included in OUR price:

- Pre-primed Garden State Lumber 3 5/8" Crown Molding custom cut to fit
- Professionally HVLP spray painted off-site (white)
- Efficient installation in your home, including filling/sanding nail holes and caulking
- Other crown profiles and build-ups available . Contact us for details!

Crown molding isn't a do it yourself project....

Many DIY'ers try their luck at installing crown molding only to have disastrous results. Crown molding is difficult to cut, taking years to perfect. Trying it yourself can be costly and annoying—and in the end you're left with something you wish you left to the professionals.

"Crown molding can define a room, giving it a luxurious feel without breaking the bank. It's one of the most common renovations we are asked about ..."

- Dave Sciascia

Crown Molding with double build-up
